# Holland Bulbs Backed by J & P Standard of Quality and Guarantee

For the past two years we have handled Holland bulbs with great success. Our Rose growing friends who have ordered bulbs from us for the first time have been greatly pleased and have not hesitated to write and tell us how delighted they were when they saw the results. This year, as always, we want our friends to enjoy the best quality Holland bulbs. We are constantly in touch with the most reliable bulb growers in Holland because we want the biggest and highest quality bulbs grown. In our own field trials we made comparisons of quality, size, hardiness, and growing characteristics only to find that the Holland bulb growers had sent us their choicest quality, their best varieties. They know that Jackson & Perkins handles only the best and will uphold the good name of Holland bulbs.

In the past two years when we offered Holland bulbs—guaranteed by Jackson & Perkins—we have not been able to supply the overwhelming demand for these fine imported bulbs. This year we are better prepared and will be able to fill every order.

In this folder you will see not only the older favorites but some of the newest and most unusual varieties ever offered. You will see giant Tulips, spring Crocus, fragrant Hyacinths, Trumpet Daffodils, Dutch Iris, Hybrid Lilies and many of the best variety of rock garden bulbs. Each and every bulb is backed by the Jackson & Perkins guarantee, to give you the best bulbs available. So order all you want, with confidence that every bulb will bloom true-to-name, sturdy, free from disease, or it will be replaced without charge. We are proud of our reputation and will always handle quality bulbs.

## OUR Guarantee IS YOUR PROTECTION

**OUR GUARANTEE**—We offer you only one grade—the finest. We unconditionally guarantee every bulb we ship to be of finest quality, true to name and class, sturdy and free from disease, and to reach you in perfect condition.

We guarantee every bulb to flower the next normal blooming period after planting.

We will replace, prepaid and free of charge, any bulb which does not perform according to the above guarantee, providing you have carefully followed our directions for planting and care, and providing your report so states and is filed with us on or before August 1 on shipments made the preceding fall.

Send original order on which replacements are being made when requesting a replacement.

**YOUR RESPONSIBILITY**—Bulbs need comparatively little care, good drainage. But they must be given fertile soil, sun and water, and proper cultivation, to keep them vigorous. **NEW!**

**Orange Parrot**

At last here is an outstanding new orange Parrot Tulip. For years the Dutch bulb growers have been breeding to get a large orange Parrot. The new orange Parrot is a sport of the popular Breeder Tulip, Orange Beauty. Every garden lover will experience a thrill when he sees this deeply lacinated Tulip change color, from a beautiful orange to a soft interesting bronze. When fully developed these unusual blooms will reach as much as seven to nine inches across. Imagine these large blooms on stems appropriate for cutting. Outstanding in length, this plant will reach 28 inches in height.

The irregularly formed flowers of Parrot Tulips, with their curiously lacinated and attractively fringed petals, are most unusual and come in many rich and varied shades; in some varieties, green markings enhance the beauty of the blooms. Parrot Tulips are entirely distinct, and one of the most interesting plants you can grow. Always arresting, they are especially good for cutting. For the best effect Parrot Tulips should be planted in masses in front of evergreens or shrubs where their form and color show off well. Be one of the first to have Orange Parrot blooming in your garden by ordering yours now.

**DICK WELLBAND** (Incomparabilis). One of the finest introductions, a very strong grower and exceptionally free-flowering. The perianth is pure white and the cup flame-orange. **FRANCISCA DRAKE** (Incomparabilis). The pure white perianth petals are of unusual substance. The flat cup reaches nearly 2 inches in diameter, densely fringed, lemon-yellow and fluted at the base. Good neck; strong grower, free-flowering. One of the greatest Daffodils of the present day and for years to come. 3 for 60c; 10 for \$1.50; 25 for \$3.25; 100 for \$12.00

**KING ALFRED** (Yellow Trumpet). The most widely planted Daffodil in the world. A king among the fine varieties. Rich lustrous golden yellow throughout. Extremely vigorous in habit. **SCARLET LEADER** (Incomparabilis). Perfectly flat creamy white petals with large, deep red crown make a not easily forgotten picture. Claimed by many to be the finest of the Incomparabilis. Unusually good material for floral arrangements. 3 for 80c; 10 for \$2.25; 25 for \$5.00; 100 for \$18.00

**UNSURPASSABLE** (Yellow Trumpet). The new improved sport of the popular Daffodil, King Alfred. Unsurpassable, the largest of the Yellow Trumpets has a deep golden yellow color that stays bright.
